

uniview indoor by Uniline

Ultra-Modern texture for your windows

Uniview Indoor's textured mesh has excellent anti glare properties and allows you to see out without sacrificing your privacy. This stylish fabric with the architectural feel comes in a palette of naturals and neutrals, with a choice of widths to suit a range of furnishing projects, and works beautifully in contemporary settings.

Its exceptional quality comes backed by our 10 Year guarantee.

Uniview Indoor is available in a choice of 20 colours with a 2650mm width and 10 colours in the range are also available in 3000mm width, offering flexibility for a wide range of applications. It offers a good UV protection factor, making it the popular choice from sunny boardrooms to light filled lounge rooms.
